Hi Alex

Two tweaks from me. I will run past the CoS and adviser once question time commences.

Alex, Jemma – some suggestions. For ease of comparison I've accepted all your changes and added a few more.

Jo, Paula – you might want to have a look at the proposed words for a combined response to letters re the live trade, dealing with both the middle east and Indonesia

Thanks

Simon

Hi Jemma and Simon

Attached is a suggested combined response – please note the revised figure used in para 2.

Cheers

Alex

Hi Alex

This is for clearance – when done, I will apply the relevant changes to the departmental reply.

Please note revised figure used in para 2.

Regards

Julia

Hi Julia

Can you action Jemma's request below to combine approved words on live exports with the new ones?

It's urgent, so please make this your priority.

Thanks
Alex

Hi Simon

Yes I think this is a fair approach.

Alex, if you can shoot me the combined letter and I will run it past the CoS to confirm he is happy with the approach.

Thanks
Jemma

Jemma

We're still dealing with Ministerials re live exports that came in before the 4 Corners show on Monday.

I propose to use the already-approved words from earlier this year, but then add an update by saying "You will also be aware of recent media coverage concerning the export of Australian cattle to Indonesia" and then use the new agreed words. There may need to be some slight massaging to make it flow properly.

Are you OK with this?

Alex – can one of your team combine the 2 sets of words into a coherent whole pls?

Thanks

Simon
