

Appendix 3

BIS Shrapnel Summary of Potential Industry Development

	2001-2010	2011-2020
Hardwood sawmilling Turnover \$145 million Direct Employment 1,039 <i>Estimates from available information</i>	Hardwood sawmilling Turnover \$170 million Direct Employment 909	Hardwood sawmilling Turnover \$228 million Direct Employment 779
	Hardwood processing and manufacturing Increase in turnover from 1997 \$157 million Increase in employment from 1997 350	Hardwood processing and manufacturing Increase in turnover from 1997 \$207 million Increase in employment from 1997 495
Plywood and other veneer products Very little current production apart from some sliced veneer	Plywood and other veneer products Turnover \$134 million Direct Employment 360	Plywood and other veneer products Turnover \$144 million Direct Employment 360
Reconstituted panels Current output based almost exclusively on softwood	Reconstituted panels Turnover \$107 million Direct Employment 180	Reconstituted panels Turnover \$136 million Direct Employment 180
Pulp		Pulp Turnover \$308 million Direct Employment 730
Paper		Paper Turnover \$480 million Direct Employment 58
Activated carbon	Activated carbon Turnover \$60 million Direct Employment 20	Activated carbon Turnover \$60 million Direct Employment 20
Woodchips Turnover \$46 million Direct Employment 70	Woodchips Turnover \$110 million Direct Employment 120	Woodchips Turnover \$102 million Direct Employment 120
