List of products for inclusion on permit

Ingredients of animal origin (excluding coating ingredients)

The following ingredients are each used in one or more of the above listed products

Animal ingredient	Species	Country of origin	Ingredient processing	Location of ingredient processing

Ingredients of plant origin other than flour, oils, commercially prepared extracts

All grains are ground / milled such that they are non-viable.

All other ingredients including Brewers dried yeast and Yeast culture are non-animal in origin.

Processing of product (excluding coating): <minimum core temperature of X°C for X minutes>

Product is then coated using coatings / flavours as below:

Ingredients of animal origin in coating (1)

Animal ingredient	Species	Country of origin	Ingredient processing	Location of ingredient processing

All other coating (1) ingredients are not of plant, animal or microbial origin.

Coating ingredients (2)

Animal ingredient	Species	Country of origin	Ingredient processing	Location of ingredient processing

All other coating (2) ingredients are not of plant, animal or microbial origin.

- The products listed herein do not require refrigeration.
- The products have been produced on a production line which is adequately cleaned and maintained so as to prevent cross-contamination with other products.
- The identification number / veterinary control number of the processing establishment and batch number(s) of the products are embossed or stamped on each can, container, package or bag.

Manufacturer's declaration

I declare that the information above is true and accurate to the best of my knowledge.
The manufacturer will notify AQIS of any changes to sourcing or processing details, prior to shipment: Contact AQIS Biologicals Program by phone: 61 2 6272 4578 or fax: 61 2 6249 1798.
