+ Use the adjusted total for the accurate total number of holders and value of deposits. The state/industry total includes 'double-counting' of holders that have more than one account and attribute them to different industries. The industry total value differs to the adjusted total due to rounding.

Certain figures are aggregated to protect the confidentiality of individual FMD holders as detailed below:

* South Australian sugar industry FMD holders have been aggregated with the respective NSW FMD holders.

** NT/ACT crops, sheep, and intensive livestock industry FMD holders have been aggregated with the respective NSW FMD holders.

*** Tasmanian pig industry FMD holders have been aggregated with the respective NSW FMD holders.
