Source: INSTATE analysis based on data supplied by Australian Bureau of Statistics, Exports to Indonesia at 8 digit AHECC (range 01-24), Calendar years 1992-2002, supplied August 2003

Note: all data is recorded on an FOB (free on board) basis. That is, it excludes insurance and freight costs.

## Appendix 3 Exports – by port of discharge

This table provides data on Australian food exports to Indonesia for 1992, 1997 and 2002. For 2002, both values and quantities are provided. The data is ordered by port of discharge and 2 digit AHECC (Australian Harmonized Export Commodity Classification) code. The AHECC is based on the international HS system.

## Appendix 4 Tariffs

This appendix summarises the most up to date available details on Indonesia's applied tariffs on agricultural and food products. The Indonesian Customs Service website ([www.beacukai.go.id](http://www.beacukai.go.id)) has tariff details, but these are for bound, not applied rates. Indonesian data on [www.apectariff.com](http://www.apectariff.com) is searchable by chapter but is undated. The Department of Trade and Industry website ([www.dprin.go.id/tariff](http://www.dprin.go.id/tariff)) has a searchable database on which the information should be most authoritative.

Chapter 5 has details of the specific duties levied on sugar, rice and rice flour.

# Food Exporters' Guide to Indonesia

## A Handbook

**This handbook provides an overview of the Indonesian food market. It provides exporters with detailed practical information about this important market, drawing on fieldwork and a wide range of Indonesian, Australian and international sources. It provides information about consumer trends, the retail and food service sector, supply chains to market, the business and broader political and economic environment, trade data and useful sources of further information.**

Instate Pty Ltd prepared the report for the Australian Government  
Department of Agriculture, Fisheries and Forestry.

Enclosed in this handbook is a CD to assist companies with marketing their products, which was funded by the Australian Government's New Industries Development Program.

An on-line copy of the handbook can be accessed via  
**[www.daff.gov.au/foodinfo](http://www.daff.gov.au/foodinfo)**

The Australian Government Department of Agriculture, Fisheries and Forestry has portfolio responsibility for increasing the profitability, competitiveness and sustainability of the Australian food industry.
