## SLAUGHTER SHEEP TO s47 (1)(b)

I, Dr Guftar Ahmad, a duly authorised Government Veterinary Officer certify that:

1. Australia is free from Foot and mouth disease, Peste des petite ruminants (PPR), Brucella melitensis infection, Sheep pox, Rabies, Rift Valley fever, Vesicular exanthema, Screw worm fly, Sheep scab and Scrapie.
2. Anthrax is notifiable disease in Australia. The animals showed no clinical signs of anthrax on the day of export and the animals either:
  - originated from a property or properties free from anthrax for the twenty (20) days prior to export OR
  - were vaccinated against anthrax not less than twenty (20) days and not more than six (6) months prior to export.
3. The animals were examined during the 48 hours prior to loading for export, and found to be free from evidence of disease and external parasites and fit to travel.
4. The animals were moved by the most direct and practical route and not permitted to make contact with any ruminants of differing health status.
5. The decks and compartments of the vessel used for transporting the ruminants and storing feed have been thoroughly cleaned.
