CONSIGNMENT RISK MANAGEMENT PLAN

Attached is risk management plan for the consignment (CRMP), setting out the following:

- The importing country requirements relating to sourcing, pre-export quarantine, treatment and testing, and the exporter's plans to meet those requirements;
- The standards in the Australian Standards for the Export of Live-stock relevant to the export and the exporter's plans to meet those requirements;
- The legislative requirements in orders under the AMLI Act relevant to the export and the exporter's plans to meet those requirements; and
- Any other risk management plan that the exporter considers necessary for the export.

4. DECLARATION BY EXPORTER

I declare that I have the following risk management plans that have been reviewed and, where necessary amended, in the context of this export consignment:

- Mechanical breakdown, delay, or unavailability of vessel or aircraft for the export voyage;
- Food and water shortage during the voyage;
- Disease outbreak during the voyage;
- Extreme weather conditions during the voyage; and
- Rejection of consignment by the overseas market.
