ANIMAL QUARANTINE POLICY MEMORANDUM 2000/14

IMPORT RISK ANALYSIS: CROCODILIANS AND THEIR EGGS FROM ALL COUNTRIES

ADOPTION OF QUARANTINE POLICY

This Animal Quarantine Policy Memorandum (AQPM) advises adoption of revised conditions for the importation of crocodilians and their eggs from all countries.

AQPM 2000/04 of 20 January 2000 provided finalised quarantine requirements for the importation of crocodilians and their eggs from all countries. Following announcement of the final conditions, there was a 30 day period during which stakeholders had the opportunity to appeal against the process under which the import risk analysis was conducted.

No appeals were received from stakeholders and as a result the conditions attached to AQPM 2000/04 will be adopted today, 28 February 2000.

Thank you for your assistance with the revision of this import policy. Please do not hesitate to contact this office should you require any further information on this matter.
