

**INDONESIA**

<b>Date of issue</b>	05/08/09
<b>EXDOC country code</b>	ID
<b>Additional Requirements and Information</b>	<p>Only Halal dairy products will be allowed entry into Indonesia.</p> <p>Certified true copies of Halal certificates for dairy shipments will be accepted, and original Halal certificates will not be required. The Halal certificate is required to be issued by an approved Halal certifier in Australia (approved by LPPOM MUI - the government organisation in Indonesia that approves Halal certifying organisations in Australia).</p> <p>Currently the MUI accredited bodies for dairy products are:</p> <p>The Islamic Coordinating Council of Victoria          Supreme Islamic Council of Halal Meat in Australia Inc          Australian Halal Food Services</p> <p>Halal certificates will not be required to include additional details related to the export shipment, as these are already provided on AQIS-issued health certificates that are mandatory for each dairy shipment to Indonesia.</p> <p>AQIS does not need to check the Halal certificate unless the product is described as Halal in the Request For Permit (RFP).</p> <p>Exporters of dairy products to Indonesia, who experience problems with Halal certification prepared as per above, should contact AQIS for assistance.</p> <p>Dairy Good by Definition (DBD) goods can be provided with edible product certification. Please check with your buyer whether edible product certification is needed for goods otherwise classified as non prescribed goods.</p>
<b>Establishment listing requirements</b>	Not applicable
<b>Exporter Declaration requirements</b> <ul style="list-style-type: none"> <li>• <b>For exports of all prescribed edible product</b></li>   <li>• <b>Specific country requirements</b></li> </ul>	<p>Please include a tick in the “Declaration of Compliance” and “Info True and Complete” boxes. If the RFP contains imported product please include a tick in the “Imported Product Flag” box and advise in the email the nature of the imported dairy ingredient including percentage in the product and country of origin.</p> <p>Nil</p>
<b>Substantiation requirements</b>	Declaration of Compliance Transfer documentation

<b>Transit Certification Requirements</b>	Milk and milk products transiting the European Union or the United States may require transit documentation. These certificates are available as additional certificates through the EXDOC system. If the product is transiting the United States, standard certification is required and the exporter should contact the DRU for advice on how this certification may be issued. If the product is transiting a European Union member state, see the particular European Union member state regarding the certificate template to select.
