

SOUTH AFRICA

Date of issue	3/10/08
EXDOC country code	ZA
Additional Requirements and Information	<p>Soft unpasteurised cheeses are prohibited.</p> <p>If the South African Import Permit is required to be included in the ZD050 Health Certificate it can be included in the RFP in the Import Document (Document Number and Document Date) field and it will print below the endorsement on the ZD050.</p> <p>The import permit number is not required to be included on the certificate as to condition. However if it is, a copy of the import permit should be made available at audit.</p> <p>AQIS have been advised that the import authorities require batch number in the health certificate description and container number, seal number and shipping marks to be included on certification. However, if these details are not included, it is at the exporter's risk.</p> <p>Auditing is required to verify the statement "Do not contain any products derived from animals other than milk or milk-based products." Export registered establishments will be required to demonstrate that there are no products derived from animals other than milk or milk-based products in the product exported.</p> <p>Auditing is required to verify the heat treatment statement. Export registered establishments will be required to demonstrate that treatment 2.1.1, 2.1.2, 2.1.3 or 2.1.4 occurred.</p>
Establishment listing requirements	Not applicable
Exporter Declaration requirements <ul style="list-style-type: none"> • For exports of all prescribed edible product • Specific country requirements 	<p>Please include a tick in the "Declaration of Compliance" and "Info True and Complete" boxes. If the RFP contains imported product please include a tick in the "Imported Product Flag" box and advise in the email the nature of the imported dairy ingredient including percentage in the product and country of origin.</p> <p>Nil</p>
Substantiation requirements	<p>Declaration of Compliance</p> <p>Transfer documentation</p>
Transit Certification Requirements	Milk and milk products transiting the European Union or the United States may require transit documentation. These certificates are available as additional certificates through the

	EXDOC system. If the product is transitting the United States, standard certification is required and the exporter should contact the DRU for advice on how this certification may be issued. If the product is transitting a European Union member state, see the particular European Union member state regarding the certificate template to select.
Certification Requirements	
1. Edible Product
