

TURKEY

Date of issue	17/12/04
EXDOC country code	TR
Additional Requirements and Information	<p>The Health Certificate needs to be signed either 2 days before departure from Australia, 1 day before departure from Australia or on the day of departure from Australia. The Health Certificate is valid for 60 days after the date of signing. If a replacement Health Certificate is issued after departure the "in lieu of" clause on the replacement Health Certificate should reference the Health Certificate issued on or before departure.</p> <p>For edible products, auditing is required to verify the phosphatase negative statement. Export registered establishments will be required to demonstrate that the milk which the product was derived from was phosphatase negative.</p>
Establishment listing requirements	Not applicable
Exporter Declaration requirements <ul style="list-style-type: none"> • For exports of all prescribed edible product <ul style="list-style-type: none"> • Specific country requirements 	<p>Exporters must provide a declaration that all information in the permit is true and complete and that they are in possession of a declaration of compliance that:</p> <ul style="list-style-type: none"> (i) applies to the milk and milk products; and (ii) complies with the requirements of clause 6 of Schedule 9 of the Export Control (Milk and Milk Products) Orders 2005. <p>Nil</p>
Substantiation requirements	Declaration of Compliance Transfer documentation
Transit Certification Requirements	Milk and milk products transiting the European Union or the United States may require transit documentation. For product transitting the European Union via seafreight a DS054 certificate is provided and for product transitting the European Union via airfreight a DA054 certificate is provided. These certificates are available as additional certificates through the EXDOC system and are required to be signed by AQIS officers in a different colour ink to that of the printing of the certificate. If the product is transitting the United States standard certification is required and the exporter should contact the DRU for advice on how this certification may be issued.
